First Busey Corporation's (the "Company") net income for the second quarter of 2017 was \$16.5 million, or \$0.43 per diluted common share. The Company reported net income of \$15.2 million or \$0.39 per diluted common share for the first quarter of 2017 and net income of \$12.4 million or \$0.35 per diluted common share for the second quarter of 2016.

The Company's year-to-date net income through June 30, 2017 was \$31.6 million, or \$0.82 per diluted common share, compared to net income of \$22.8 million or \$0.71 per diluted common share, for the comparable period of 2016. Year-to-date net income through June 30, 2017 increased 38.7% over the comparable period of 2016. The results benefitted from the acquisition of Pulaski Financial Corp. ("Pulaski"), headquartered in St. Louis, Missouri, and the operations of its subsidiary, Pulaski Bank, National Association ("Pulaski Bank"), since the closing of the transaction on April 30, 2016.

On July 2, 2017, the Company completed its acquisition of First Community Financial Partners, Inc. ("First Community"), headquartered in Joliet, Illinois, under which each share of First Community common stock issued and outstanding was converted into 0.396 shares of the Company's common stock and \$1.35 cash consideration per share. Financial results for First Community Financial Bank, First Community's bank subsidiary, will be incorporated into First Busey's consolidated reports beginning in the third quarter of 2017 following the effective date of the acquisition. It is anticipated that First Community Financial Bank will be merged with and into First Busey's bank subsidiary, Busey Bank, in the fourth quarter of 2017. The merger with First Community allows us to significantly expand our geographic presence into the attractive southwest suburbs of Chicago. Please reference the Company's Registration Statement on Form S-4, which includes a proxy statement/prospectus, filed on April 18, 2017 for additional information regarding our acquisition of First Community.

First Busey announced the signing of a definitive agreement to acquire Mid Illinois Bancorp, Inc. ("Mid Illinois"), the holding company for South Side Trust & Savings Bank of Peoria ("South Side Bank"), in the first quarter of 2017. The acquisition is intended to enhance the Company's existing deposit, commercial banking and trust and investment presence in the

greater Peoria area. The merger is anticipated to close in the fourth quarter 2017, subject to customary closing conditions, including required approvals. It is anticipated that South Side Bank will be merged with and into Busey Bank in the first quarter of 2018. Please reference the Company's Registration Statement on Form S-4, which includes a proxy statement/prospectus, filed on July 7, 2017, which will be amended, for additional information regarding our pending acquisition of Mid Illinois.

During the second quarter of 2017, the Company incurred \$0.3 million of pre-tax expenses related to acquisitions compared to \$2.0 million in the second quarter of 2016, which primarily consisted of legal, professional, and data processing expenses. During the six months ended June 30, 2017, the Company incurred \$1.1 million of pre-tax acquisition related costs compared to \$2.3 million in the same period of 2016. Additional notable pre-tax items incurred by the Company during the first six months of 2017 included \$0.2 million of restructuring costs. Excluding these items, the Company's operating earnings<sup>1</sup> for the second quarter of 2017 would have been \$16.7 million, or \$0.43 per diluted common share and \$32.5 million or \$0.84 per diluted common share for the year-to-date net income through June 30, 2017.

## Overview and Strategy

Busey is honored to be recognized as one of the **Best Places to Work in Illinois and Florida** for 2017 by *Best Companies Group* – a true testament to the unique culture of our organization. These award programs identify and honor the best places of employment in their respective states, based almost entirely on independent feedback from our associates. We are excited to receive the Florida recognition for the first time and Illinois recognition again for the second year. Nationally, the Company has been identified for the second consecutive year among the **Best Banks to Work For** by American Banker magazine. The Company takes great pride in being associated with this select group of premier banks nationwide.

Commercial loans and non-interest bearing deposits continue as drivers of balance sheet growth, while net income in the banking, remittance processing and wealth management segments expanded on a comparative basis to prior year. Credit metrics were also positive, with net recoveries recorded to the allowance for loan losses that drove lower provision expense, and gains in other real estate owned ("OREO") – all indicators of ongoing balance sheet strength.

Commercial loans at June 30, 2017 increased to \$2.828 billion from \$2.799 billion in the first quarter of 2017, with well-balanced activity across various portfolios. We are excited to welcome our new commercial partners at First Community, who produced robust loan growth of \$121.1 million in the first six months of 2017, up approximately 12% from December 31, 2016, creating positive momentum ahead of the acquisition.

Non-interest bearing deposit growth for the second quarter of 2017 was also concentrated in commercial accounts. Average total non-interest bearing deposits of \$1.092 billion for the three months ended June 30, 2017 increased from \$1.067 billion for three months ended March 31, 2017 and \$942.6 million for the three months ended June 30, 2016. Average non-interest bearing deposits represented 25.1% of total average deposits for the second quarter of 2017.

While mortgage revenues slowed significantly in 2017 and average balances of loans held for sale trended below prior year, active cost reduction efforts have been underway, including effective employee management. Company-wide, full-time equivalent employees totaled 1,238 at June 30, 2017, down from 1,251 at March 31, 2017, and from 1,326 at June 30, 2016.

On May 25, 2017, the Company completed a successful offering of \$40.0 million of 3.75% senior notes due May 25, 2022 and \$60.0 million of 4.75% fixed-to-floating rate subordinated notes due May 25, 2027. The Company used the net proceeds from the offering to finance a portion of the consideration for its acquisition of First Community and to redeem a portion of its subordinated debentures in July 2017, and intends to use a portion to finance the pending acquisition of Mid Illinois, with the remaining proceeds to be used for general corporate purposes. Notably, the pricing was relatively favorable to other long-term debt issuances by community banks with similar credit profiles.

<sup>1</sup> Operating earnings, a non-GAAP financial measure, see Non-GAAP Financial Information below for reconciliation

Return on average assets during the second quarter of 2017 grew to 1.23% from 1.16% in the first quarter of 2017 and 0.99% in the second quarter of 2016, while the return on average tangible common equity increased to 13.62% for the second quarter of 2017 from 12.96% in the first quarter of 2017 and 11.86% for the second quarter of 2016.<sup>2</sup>

Our priorities continue to focus around balance sheet strength, profitability and growth, in that order. With our strong capital position, an attractive core funding base, a sound credit foundation, and an active growth plan, we feel confident that we are well positioned as we move into the second half of 2017. New partnerships with talented bankers in St. Louis, Peoria and the Chicagoland area bring an expanding pool of business opportunities to generate value and diversity across new markets.

As we acknowledge our sustained success and continue growing forward, we are grateful for the opportunity to consistently earn the business of our customers, based on the contributions of our talented associates and the loyal support of our shareholders.

The Company has historically held a leading position in its primary residential loan markets in Central Illinois, while the operations acquired from Pulaski have been ranked among the top residential mortgage loan producers in the St. Louis and Kansas City markets. Influenced during the first half of 2017 by an increase in mortgage rates and associated costs, as well as declines in purchase inventory, mortgage revenue decreased to \$2.8 million in the second quarter of 2017 from \$3.4 million in the second quarter of 2016, but increased from \$2.1 million for the first quarter of 2017.
