FIRST BUSEY CORPORATION

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

April 16, 1996

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of First Busey Corporation (the "Company" or "First Busey"), a Nevada corporation, for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Assembly Hall, 1800 S. First Street, Champaign, Illinois, on Tuesday, April 16, 1996, at 7:00 p.m., or any postponement or adjournment thereof. The Board has fixed the close of business on February 29, 1996, as the record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting. On the record date, the Company had outstanding and entitled to vote 3,785,016 shares of Class A Common Stock, without par value ("Class A Common Stock"), and 750,000 shares of Class B Common Stock, without par value ("Class B Common Stock") (collectively, the "Common Stock"). Each share of Class A Common Stock is entitled to one vote per share while each share of Class B Common Stock is entitled to 10 votes per share. The Company's Form 10-K Annual Report, which includes audited financial statements for the year ended December 31, 1995, accompanies this Proxy Statement. The financial statements contained therein are not deemed material to the exercise of prudent judgment in regard to any matter to be acted upon at the Annual Meeting and, therefore, such financial statements are not incorporated by reference into this Proxy Statement.

The Company's principal executive offices are located at 201 W. Main Street, Urbana, Illinois 61801. The approximate date on which the Proxy Statement and the accompanying proxy are first being sent to stockholders is March 18, 1996.

VOTING

General. Shares of Class A Common Stock and Class B Common Stock represented by properly executed proxies received by the Company will be voted at the Annual Meeting in accordance with instructions thereon. If there are no such instructions, the shares will be voted "FOR" (i) the election of the nominees for directors named in this Proxy Statement and (ii) the increase in the number of total shares of Common Stock the Corporation shall have authority to issue from 12,500,000 to 50,000,000 and (iii) the ratification of the appointment of McGladrey & Pullen, LLP as the Company's independent auditors for the fiscal year ending December 31, 1996 (the "Ratification of Auditors Proposal") (collectively, the "Proposals"). Properly executed proxies received by the Company will also be voted at the Annual Meeting in accordance with the Board's recommendations on any other matters which may come before the Annual Meeting.

In order to be elected a director, a nominee must receive a plurality of the votes cast at the meeting for the election of directors. Because the seventeen nominees receiving the largest number of affirmative votes will be elected, shares represented by proxies which are marked "withhold authority" or "abstain" will have no effect on the outcome of the election. Approval of each of the other matters requires the affirmative vote of at least a majority of the votes cast at the Annual Meeting on such matters. Shares represented by proxies which are marked "abstain" as to each

such matter will be counted as votes cast, which will have the same effect as a negative vote on each such matter. Proxies relating to "street name" shares which are not voted by brokers on one or more, but less than all, matters will be treated as shares present for purposes of determining the presence of a quorum but will not be treated as votes cast as to such matter or matters not voted upon.

Directors and Executive Officers. All of the directors, director nominees and executive officers of the Company have advised the Company that they will vote their shares of Company Common Stock "FOR" the Proposals. As of February 29, 1996, these individuals beneficially owned an aggregate of 1,353,247 shares of the Company's Class A and Class B Common Stock, or approximately 30% of the Company Common Stock outstanding and entitled to vote at the Annual Meeting. These 1,353,247 shares represent approximately 72% of the outstanding voting power of the Company. If all of the directors and executive officers of the Company owning shares of Company Common Stock vote their shares "FOR" the Proposals, the Proposals will be approved. See "Election of Directors - Common Stock Ownership of Certain Beneficial Owners and Management."

REVOCABILITY OF PROXIES

Stockholders may revoke their proxy by a later proxy or by giving notice of such revocation to the Company in writing or at the Annual Meeting before such proxy is voted. Attendance at the Annual Meeting will not in and of itself constitute the revocation of a proxy.

SOLICITATION

The cost of solicitation of proxies will be paid by the Company. In addition to solicitation by mail, officers, directors and regular employees of the Company may solicit proxies by telephone, telefax or in person without additional compensation. Brokerage houses, bank nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares held of record by them and will be reimbursed for their reasonable expenses.

ELECTION OF DIRECTORS

(PROPOSAL ONE)

The seventeen nominees named below have been recommended for election as directors for a term of one year or until their successors have been duly elected and qualified. All nominees are current members of the Company's Board or on one of the Company's subsidiaries' Board of Directors. It is intended that the proxies received in response to this solicitation will be voted for the election of the seventeen persons so nominated, unless otherwise specified. If, for any reason, any nominee shall become unavailable for election or shall decline to serve, persons named in the proxy may exercise discretionary authority to vote for a substitute proposed by the Board. No circumstances are presently known which would render a nominee named herein unavailable.

Set forth below is certain biographical information concerning each nominee for director including principal occupation and age as of February 29, 1996, the record date for the Annual Meeting. Unless otherwise noted, each nominee for director has been employed in their principal occupation with the same organization or other responsible position with the same organization for at least the last five years.

The number of shares of Class A Common Stock and Class B Common Stock beneficially owned on February 29, 1996, by each director or nominee and by all directors and executive officers of the Company, as a group, is disclosed in the section "Common Stock Ownership of Certain Beneficial Owners and Management." COMMON STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of the Class A Common Stock as of February 29, 1996 by all directors and director nominees, by each person who is known by First Busey to be the beneficial owner of more than 5% of the outstanding Class A Common Stock, by each executive officer named in the Summary Compensation Table and by all directors and executive officers as a group.

The number of shares beneficially owned by each director, director nominee, 5% stockholder or executive officer is determined under rules of the Securities and Exchange Commission (the "Commission"), and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has the sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days of February 29, 1996 through the exercise of any stock option or other right. Unless otherwise indicated, each person has sole investment and voting power (or shares such powers with his or her spouse) with respect to the shares set forth in the following table. In certain instances, the number of shares listed includes, in addition to shares owned directly, shares held by the spouse or children of the person, or by a trust of which the person is a trustee or in which the person may have a beneficial interest. In some cases, the person has disclaimed beneficial interest in certain of these shares.

As of February 29, 1996, Douglas C. Mills, Chairman of the Board, and his wife, Linda M. Mills, are, in the aggregate, the beneficial owners of all of the 750,000 shares of Class B Common Stock outstanding and 141,372 shares of Class A Common Stock. With respect to all matters to be voted on by the stockholders, the holders of Class A Common Stock are entitled to one vote per share while the holders of Class B Common Stock are entitled to 10 votes per share. Mr. and Mrs. Mills, in the aggregate, currently control approximately 70% of the outstanding voting power of First Busey.

The Company believes that during the fiscal year ended December 31, 1995, its executive officers, directors and holders of more than 10% of the Company's Common Stock complied with all Section 16(a) filing requirements. In making these statements, the Company has relied upon the written representations of its directors and executive officers.

The shares of restricted stock awarded to the executive officers are subject to the restriction that the Company must achieve a specified net income per share for the years ended December 31, 1995 and December 31, 1996. Should the Company achieve this specified net income per share, the restrictions on the shares of restricted stock applicable for that specific year will lapse and the shares will be awarded to the executive officers. REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") administers the Company's executive compensation program. After consideration of the Committee's recommendations, the full Board of Directors reviews and approves the base salaries and the amounts of the bonuses to be paid to executive officers under the Performance Opportunity Reward program (the "POR program") as well as the award of shares of restricted stock to the executive officers.

The goals of the Company's integrated executive compensation program are to:

1. Pay competitively to attract, retain and motivate a highly competent executive management team;
2. Tie individual cash and stock compensation, specifically, to the achievement by the Company of annual corporate goals and, generally, to the achievement by the executive officer of specific individual goals; and
3. Align executive officers' financial interests with stockholder value.

SALARIES

The Committee's determination of each executive officer's base salary as well as the determination of the amount of the bonus to be paid to each executive officer under the POR program and the number of shares of restricted stock awarded and/or the number of stock options granted to the executive officer is designed to accomplish the first goal of the Company's executive compensation program. The base salary of each executive officer combined with the amount of the bonus to be paid to the executive officer under the POR program (the "cash compensation") is targeted to be slightly above average in comparison to the total cash compensation of executive officers of other bank holding companies of similar asset size located in communities in Illinois and Indiana which are similar in size and composition to Champaign-Urbana. Further, the Committee reviews each executive officer's contribution to the achievement of the Company's annual corporate goals as well as the executive officer's level of responsibility and experience.

PERFORMANCE OPPORTUNITY REWARD PROGRAM

The POR program is designed to accomplish both the first compensation goal as described above and the second compensation goal of the Company's executive compensation program of tying individual cash and stock compensation to the achievement by the Company of annual corporate goals as well as the achievement by the executive officer of specific individual goals. Each February, the Committee reviews the Company's corporate goals for the ensuing fiscal year as well as specific individual goals of each executive officer.

The Company's 1995 corporate goal under the POR program was to achieve a specified net income per share (the "POR program corporate goal"). A limited number of specific individual goals for each executive officer which relate to the specific area of responsibility of the executive officer were also established. Based on the Company's achievement of its POR program corporate goal in 1995 and the Committee's determination as to whether each executive officer achieved his specific individual goals, the executive officers named in the Summary Compensation Table received the indicated cash bonuses under the POR program.

RESTRICTED STOCK

The award of shares of restricted stock by the Committee is designed to accomplish the first and second compensation goals as described above as well as the third goal of the Company's executive compensation program of aligning the interests of executive officers with stockholder value. The number of shares of restricted stock awarded to an executive officer is based on the executive officer's contribution to the achievement of the Company's annual corporate goals as

well as the executive officer's level of responsibility and experience. The Committee did not award any shares of restricted stock in fiscal 1995. For fiscal 1996, the shares of restricted stock awarded to the executive officers are subject to the restriction that the Company must achieve a specified net income per share for the year ending December 31, 1996. Should the Company achieve this specified net income per share in 1996, the restrictions on the shares of restricted stock will lapse and the shares will be awarded to the executive officers. If the Company does not achieve this specified net income per share in 1996, the shares of restricted stock will be forfeited as provided in the 1993 Restricted Stock Award Plan (the "Restricted Stock Plan"). Executive officers are not required to pay for shares of restricted stock awarded under the Restricted Stock Plan. The executive officer may not sell, transfer, pledge or otherwise attempt to convey any interest in the shares subject to the award while the participant is an officer or employee of the Company or a subsidiary of the Company until all of the restrictions on resale applicable to the shares subject to the award have lapsed. During the period the shares are subject to forfeiture, the executive officer is entitled to receive dividends and other distributions on the shares and is entitled to vote such shares on all matters submitted to stockholders.

STOCK OPTIONS

The granting of stock options by the Committee is designed to accomplish the first and second compensation goal as described above as well as the third goal of the Company's executive compensation program of aligning the interests of executive officers with stockholder value. The number of stock options granted to an executive officer and other officers is determined by the officer's title and responsibilities. Grants of stock options are intended to recognize different levels of contribution to the achievement of the Company's annual corporate goals as well as different levels of responsibility and experience as indicated by each officer's title. All officers with the same title generally receive the same number of stock options. All stock options are granted with an exercise price equal to the fair market value of Class A Common Stock on the date of grant. At the November 15, 1995 Meeting of the Board of Directors of First Busey Corporation, the 1988 Stock Option Plan was amended to increase the number of shares of Stock reserved for issue upon the exercise of Stock Options from three hundred thousand (300,000) to seven hundred fifty thousand (750,000). The Compensation Committee granted stock options totaling 109,000 shares on November 15, 1995.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Base Salary/POR Program. Mr. Mills' 1995 base salary was \$150,000 which represented his base salary in 1994. The Committee determined to increase the amount of the cash bonus to be paid under the POR program to Mr. Mills if the Company achieved its POR program corporate goal and Mr. Mills achieved his specific individual goals to between \$90,000 and \$125,000 in 1995. This determination by the Committee was based on the compensation goal of tying individual total cash compensation, specifically, to the achievement by the Company of annual corporate goals and, generally, to the achievement by the executive officer of specific individual goals. Although Mr. Mills' 1995 base salary was less than the base salary of the chief executive officers of the Company's peers, Mr. Mills' total cash compensation would be comparable with such chief executive officers if the Company achieved its POR program corporate goal and Mr. Mills received his maximum POR bonus. Based on the Company's achievement of its POR program corporate goal in 1995 and the Committee's determination as to whether Mr. Mills achieved his specific individual goals, Mr. Mills was paid a cash bonus of \$96,800.

Restricted Stock. Based on the achievement of the specified net income per share for the year 1995, the restrictions accompanying the 2,000 shares of restricted stock awarded to Mr. Mills in 1993 were released as of December 31, 1995. Mr. Mills currently holds 2,500 shares of restricted stock tied to the performance of the Company as of December 31, 1996. The Committee did not award any restricted stock in 1995.

Stock Options. Mr. Mills was granted options to purchase 10,000 shares of Class A Common Stock in 1995. Due to the fact that no Restricted Stock Awards were granted to Mr. Mills in 1995, the Compensation Committee determined that his performance warranted an increase in the number of stock options granted from 1994.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Members of the Compensation Committee consisted of Messrs. Pollard and Knox. Mr. Knox is a lawyer with Tummelson, Bryan and Knox, Urbana, Illinois and provided legal and certain consulting services to the Company during fiscal 1995. Mr. Knox received an annual director's fee of \$15,000 in lieu of any other fees payable to non-employee directors of the Company and its subsidiaries. The dollar amount of the fees paid to Tummelson, Bryan and Knox by the Company during the 1995 fiscal year was \$83,807.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Busey Bank has had, and may be expected to have in the future, banking transactions in the ordinary course of business with directors, executive officers and holders of 5% or more of First Busey's Common Stock, their immediate families and their affiliated companies. These transactions have been and will be on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unaffiliated persons. The transactions have not involved and will not involve more than the normal risk of collectibility or any other unfavorable features. At December 31, 1995, these persons and companies were indebted to Busey Bank for loans totaling approximately \$4,168,942 representing 6.15% of total stockholders' equity. In addition to these loans, Busey Bank makes loans to officers of First Busey's subsidiaries who are not executive officers of First Busey.

PROPOSAL TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF
CLASS A AND CLASS B COMMON STOCK
(PROPOSAL TWO)

The Company proposes to amend Article Fourth of its Articles of Incorporation to increase the number of its authorized shares of Class A and Class B Common Stock. The Company proposes to increase the number of authorized shares of Class A Common Stock to 40,000,000 shares and Class B Common Stock to 10,000,000 shares.

The classes and the aggregate number of common stock which the Company shall have authority to issue shall be as follows:

- A. 40,000,000 shares of Class A Common Stock, without par value.
- B. 10,000,000 shares of Class B Common Stock, without par value.

The Company currently has authority to issue 1,000,000 shares of Preferred Stock, without par value. Such authorization will remain unaffected.

As of February 29, 1996, the Company had 3,785,016 shares of Class A Common Stock issued and outstanding, 750,000 shares of Class B Common Stock issued and outstanding and no shares of Preferred Stock issued and outstanding. No shares of the Company's stock are currently reserved for issuance.

At the date of this Proxy Statement, the Company does not have certain plans to issue any shares of Class A or Class B Common Stock. However, the Board of Directors currently anticipates considering a possible stock split of Class A and Class B Common Stock on April 15, 1996, at the Board Meeting preceding the Annual Meeting. There are no assurances that the Board of Directors will approve a stock split or, if approved, on what basis such split may be approved.

The additional shares of Class A and Class B Common Stock that may be issued pursuant to the proposed stock split would be a part of the respective existing classes of Class A and Class B Common Stock and, if issued, would have the same rights and privileges as the shares of Class A and Class B Common Stock presently outstanding. In addition, a split would not affect the relative rights of any shareholder or result in a dilution or diminution of any shareholder's proportionate interest in the Company. An increase in the number of shares of Class A and Class B Common Stock outstanding would increase the voting power of the holders of Class A and Class B Common Stock in relation to the holders of other voting securities of the Company as to matters on which all voting securities vote as a single class.

In addition, the Board of Directors of the Company has determined that it is in the best interests of the Company to have additional shares of Common Stock authorized and available for issuance as the need arises for possible future financing transactions, acquisitions, asset purchases, stock dividends or splits, issuances under employee benefit plans and for other general corporate purposes. Such shares will be issuable by the Company generally without further authorization by the stockholders on such terms as the Board of Directors may lawfully determine. The effect of the authorization and issuance of additional shares of Common Stock (other than on a pro rata

basis among holders of Common Stock) would be to dilute the present voting power of the holders of Common Stock. Stockholders presently do not have preemptive rights. Although it is not intended to be an anti-takeover measure, the increase in authorized shares of Common Stock with a subsequent issuance of such shares could impede a potential takeover by, among other things, (1) diluting the stock ownership of persons attempting to gain control of the Company and (2) issuing securities to individuals or entities favorable to management. The par value, designations, preferences, relative rights, limitations, or restrictions of the authorized Class A Common Stock, Class B Common Stock and Preferred Stock of the Company will remain unchanged.

If the proposal to increase the number of authorized shares of Class A and Class B Common Stock is adopted by stockholders, the Company will then have 36,208,822 shares of Class A Common Stock, 9,250,000 shares of Class B Common Stock and 1,000,000 shares of Preferred Stock available for issuance.

The Board of Directors currently believes that the authorized and unissued shares of stock of the Company which will remain after amendment of the Company's Articles of Incorporation as proposed in these proxy materials will be sufficient for the Company's capital and other needs for the foreseeable future.

THE BOARD OF DIRECTORS RECOMMEND THAT THE STOCKHOLDERS VOTE FOR THE AMENDMENT OF THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CLASS A AND CLASS B COMMON STOCK.

RATIFICATION OF AUDITORS PROPOSAL

(PROPOSAL THREE)

For the year 1995, the Board of Directors of the Company retained McGladrey & Pullen, LLP as independent auditors for the Company. The Board of Directors has appointed McGladrey & Pullen, LLP as independent auditors for the fiscal year ending December 31, 1996. A representative of McGladrey & Pullen, LLP will be present at the Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF AUDITORS PROPOSAL.

OTHER BUSINESS

So far as is presently known, there is no business to be transacted at the Annual Meeting other than that referred to in the Notice of Annual Meeting of Stockholders and it is not anticipated that other matters will be brought before the Annual Meeting. If, however, other matters should properly be brought before the Annual Meeting, it is intended that the proxy holders may vote or act in accordance with the Company's Board of Directors' recommendation on such matters.

STOCKHOLDER PROPOSALS

Stockholders desiring to submit proposals to be voted upon by stockholders at the 1997 Annual Meeting must submit their proposals to the Executive Vice President and Corporate Secretary of the Company no later than November 15, 1996.

By order of the Board of Directors,

/s/ Barbara J. Kuhl
